Bait Solutions

- For Use in Commercial, Residential and Industrial Areas
- Effective and Easy to Use

KILLS: Ants (excluding fire, pharaoh, harvester, and carpenter ants), Booklice, Carpet Beetles, German Cockroach Nymphs (indoor use only), Crickets, Drugstore Beetles, Earwigs, Firebrats, Flour Beetles, Grain Weevils, Pillbugs, Silverfish and Sowbugs.

FOR USE IN: Apartments, Campgrounds, Garages, Food Storage Areas, Homes, Hospitals and Nursing Homes (non-occupied patient areas), Hotels, Meat Packing and Food Processing Plants, Motels, Resorts, Restaurants and other Food Handling Establishments, Schools*, Supermarkets, Transportation Equipment (Buses, Boats, Ships, Trains, Trucks, Planes**), Utilities, Warehouses, and other Commercial and Industrial Buildings.

*Do not apply to classrooms when in use.
**Do not apply in cockpit.

ACTIVE INGREDIENTS:

Indoxacarb*..... 0.6%
 OTHER INGREDIENTS:..... 99.4%
 TOTAL:.....100.00%

*(S)-methyl 7-chloro-2,5-dihydro-2-[[[methoxy-carbonyl][4(trifluoromethoxy)phenyl]amino]carbonyl]indeno[1,2-e][1,3,4]oxadiazine-4a-(3H)-carboxylat

Manufactured for:
Control Solutions, Inc.
5903 Genoa Red Bluff
Pasadena, TX 77507

EPA Reg. No: 53883-438
EPA Est. No: 53883-TX-002
NET CONTENTS: 30 grams

KEEP OUT OF REACH OF CHILDREN CAUTION

See Inside label/side panel/back panel for First Aid, Precautionary Statements, Directions for Use and additional information

FIRST AID	
IF IN EYES:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact SafetyCall® International for emergency medical treatment at (866) 897-8050.	

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Do not apply where children (or domestic animals) are likely to come in frequent contact with treated areas. Any powder visible after application is complete should be brushed into cracks or crevices or removed by cleaning the area with a cloth and mild detergent solution. No generalized dusting should be done in household areas accessible to children or pets.

PHYSICAL AND CHEMICAL HAZARDS

Do not mix or allow coming in contact with oxidizing agent. Hazardous chemical reaction may occur.

USER SAFETY RECOMMENDATIONS

USERS SHOULD: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- Do not apply to humans, animals, clothing or bedding.
- Do not use on or contaminate fruit, vegetables or other food or feed crops.
- Do not contaminate feed or food products or food preparation surfaces, dishes, kitchen utensils and food containers.
- Do not dispense this product with power dusters in confined areas (i.e. attics, hot water heater closets, furnace rooms, etc.) in the presence of open flames, such as pilot lights.

GENERAL INSTRUCTIONS

This product is intended for application with the supplied applicator or other re-fillable applicator intended for use with dry flowable baits to hiding and runway areas and those places where pests are found. Apply insecticide directly into cracks and crevices. Apply lightly and uniformly to infested areas. Pay particular attention to cracks and crevices, service ducts, false floors and ceilings, wall voids, around electrical and telephone fittings and equipment, around water and sewer pipes, under and behind cabinets, refrigerators and sinks, around window and door frames, and in attics and crawl spaces. Any powder visible after application must be brushed into cracks and crevices or removed.

The amount to be applied will vary with the site. Concentrate treatment at insect activity sites. For light infestations, a minimum

of 4 - 6 bait points is recommended per100 ft2 treatment area. For heavy infestations, a minimum of 12 -24 bait points is recommended per 100 ft2 of treatment area. One bait point is equal to 0.15 grams of product. During follow-up visits, inspect the baited area and reapply when necessary.

Application Instructions:

- Unscrew [Pull off] the cap.
- Let the hand duster lie across your finger with your palm facing upwards. Place your thumb in the middle of the tube.
- While holding the hand duster parallel to the floor and pointed away from you, begin to lightly shake the tube and push down once per desired bait point.
- Continue to shake the tube between each "puff" to keep the powder in airborne state.
- For your first application, give the tube a few shakes, then a light but firm press of the thumb.
- As the tube starts to empty, gradually begin tilting it downward, continuing the shaking technique and the parallel to gradual tilting of the tube, allowing for peak efficiency.

INDOOR TREATMENTS

GERMAN COCKROACH NYMPHS, ANTS (excluding fire, pharaoh, harvester, and carpenter ants) AND CRICKETS: Apply thoroughly to all areas where these pests crawl and hide, especially in cracks and crevices, voids and hidden surfaces around sinks and storage areas, behind baseboards, around doors and windows, cabinets, stoves, behind refrigerators and in attics and crawl spaces. Check bait placements regularly and replace as needed.

EARWIGS, PILLBUGS AND SOWBUGS: Apply in cracks and crevices around doors and windows and other places where these pests may enter premises. Treat voids and other enclosed locations where these pests may hide or are found.

PANTRY PESTS - Including Drugstore Beetles (exposed adult and larva stages), Flour Beetles and Grain Weevils: Remove all food and shelving paper before treatment. Treat cracks and crevices and/or voids where these insects may be harboring. Infested areas include, but are not limited to, cracks and crevices in cabinets, pantries and wall voids. During follow-up visits, inspect bait placements and reapply when necessary. Cover shelves with shelving paper after treatment. Destroy or discard infested food packages.

CARPET BEETLES - Including Black, Furniture and Varied: Apply to cracks and crevices where these insects are found.

AIRCRAFT CABINS: Apply bait in suspected and infested cockroach areas (German nymphs only). Place a bait placement in areas between elements of construction. Use 12-24 bait placements/100 ft2. Do not apply any bait in cockpit area.

FOOD AREAS OF FOOD/FEED HANDLING ESTABLISHMENTS: Food/feed handling establishments are places other than private residences in which food/feed is held, processed, prepared or served. **APPLICATIONS OF THIS PRODUCT IN FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS ARE LIMITED TO CRACK AND CREVICE TREATMENT ONLY AND MAY OCCUR WHEN FACILITY IS IN OPERATION.** Food areas include areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in

operation) would also be considered a food area. Apply product according to the level of infestation as prescribed in the General Instructions into cracks and crevices associated with wall voids, pieces of equipment, stainless steel tables, drains, storage-equipment, and dining tables. Also apply between elements of construction. During follow-up visits, inspect bait placements and reapply when necessary. Do not contaminate feed or food products or food preparation surfaces, dishes, kitchen utensils or food containers.

OUTDOOR TREATMENTS

Use for control of ants (excluding fire, pharaoh, harvester, and carpenter ants), crickets, earwigs, ground beetles, pillbugs and sowbugs. Inject into cracks and crevices around windows and doors, porches, screens, eaves, patios, garages, under stairways and in crawl spaces as well as under siding or exterior construction elements.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place in the original container only. Do not store this product under wet conditions. Store only in a location inaccessible to children and pets.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. If Empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

LIMITATION OF WARRANTY AND LIABILITY

The Directions for Use of this product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Control Solutions, Inc. or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Control Solutions, Inc. and Seller harmless for any claims relating to such factors.

Control Solutions, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or Control Solutions, Inc., and Buyer and User assume the risk of any such use. To the extent permitted by applicable law, **CONTROL SOLUTIONS, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.**

IT IS CONTROL SOLUTIONS INC., AND SELLERS INTENTION

THAT in no event shall Control Solutions or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF CONTROL SOLUTIONS, INC., AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF CONTROL SOLUTIONS, INC. OR SELLER, THE REPLACEMENT OF THE PRODUCT.**

Control Solutions, Inc. and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of Control Solutions, Inc.
