of Environmental Conservation
Division of Materials Management
Pesticide Product Registration

APPLICATION INSTRUCTIONS

For optimum performance in overhead treatments, align the actuator opening with the mark on valve cup. When treating in a downward direction, align the actuator opening directly opposite the mark on valve cup.

WASPS AND HORNETS: Hold container in upright position. Stand safe distance, 6 – 15 ft, from nest and not directly underneath. Align actuator opening with the mark on valve cup. Aim actuator opening toward nest. Treat nest until thoroughly wet. Directly contact wasps and hornets on the nest with spray when possible. The best time to apply is in the evening or early morning, since wasps and hornets congregate on or in nest at night.

YELLOWJACKETS AND BEES: Locate nest. Align actuator opening directly opposite the mark on the valve cup. Press down on the actuator and apply, using a sweeping motion, contacting any stimulated or stirred-up yellowjackets and bees around the nest opening. Then move forward to the nest opening and apply for 6 – 8 sec directly into the nest hole.

INDUSTRIAL SPECIFICATIONS

Flame Extension: >18"; no flashback

Dielectric Breakdown: 44.7 kV

Arcing: No arcing at 35,000 volts

Tested on Polyethylene, Polycarbonate, Noryl®, ABS-T and ABS-SB4500 plastics with no damage.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry area away from heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not puncture or incinerate! Empty container by using the product in accordance with the label directions. **If empty:** Offer empty container for recycling, if available, or place in trash if allowed by state and local regulations. **If partly full:** Contact your local solid waste agency for disposal instructions.

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.

Formula 1

KILLS ON CONTACT FROM 15 FEET AWAY

USE OUTDOORS AND IN ATTICS & CRAWL SPACES ONLY

KILLS: Bees, Hornets, Wasps and Yellowjackets

FOR USE AROUND: Residential, Commercial, Industrial and Institutional sites – Use Outdoors and in Attics & Crawl Spaces Only

ACTIVE INGREDIENTS:

d-trans Allethrin 0.129%
Phenothrin 0.120%

OTHER INGREDIENTS: 99.751%

Contains Petroleum Distillate TOTAL: 100.000%

EPA Reg. No. 499-362 • EPA Est. No. 7969-MO-1

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call 1-800-832-HELP for emergency medical treatment information

NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.

NET WEIGHT: 1 lb, 1.5 oz (17.5 oz)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and other handlers must wear: long sleeved shirt, long pants, socks and shoes, and chemical resistant gloves (barrier laminate, nitrile or neoprene rubber or viton; selection category E).

USER SAFETY REQUIREMENTS: Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should:

- Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing/PPE immediately if pesticide gets inside, then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds.

PHYSICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Staining (darkening) of asphalt surfaces and shingles may occur.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

USE RESTRICTIONS

- Use outdoors and in attics and crawl spaces only.
- Outdoor uses are limited to spot applications only. Broadcast applications are prohibited.
- Do not water the treated area to the point of run-off.
- Do not apply during rain.
- When using in an attic, do not contaminate stored items, HVAC systems, water heaters or other non-structural items.
- Do not apply product in a way that it will contact workers or other adults, children or pets, either directly or through drift. Only protected handlers may be in the application area during application.
- Do not enter or allow others to enter the treated area until spray has dried.
