Cinnamon Oil [8015-91-6].....	0.2%
Other Ingredients*.....	98.5%
Total.....	100.0%

*Mineral oil, 2-propanol, vanillin, triethyl citrate, isopropyl myristate, lactic acid N-butyl ester, carbon dioxide

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back panel for additional precautionary statements.

NET WEIGHT 14 oz (397 g)

APPLY TO THE FOLLOWING PESTS

Crawling Insects: Cockroaches, ants, crickets, beetles, earwigs, stink bugs, spiders, fleas, ticks, and other crawling insects.

Flying Insects: Flies, gnats, mosquitoes, moths, and other flying insects.

WHERE TO USE

Use as a contact aerosol insecticide to kill pests in and around apartments, assisted living facilities, campgrounds, commercial buildings, day-care centers, factories, homes, horse barns, hospitals, hotels, motels, nursing homes, office buildings, warehouses, resorts, schools, stables, stores, supermarkets, restaurants, bakeries, food processing facilities, transportation equipment (airplanes, automobiles, buses, trucks, trailers, boats, ships and trains), warehouses, zoos, and other residential, commercial and institutional establishments.

DIRECTIONS FOR USE

Most effective results are achieved when used as part of a treatment protocol that includes physical, environmental and other chemical pest control measures.

Read entire label prior to use and use product as directed. Hold product upright with nozzle directed away from face. For best results, spray insect thoroughly until wet. Product may be used to treat insects on counter tops, sinks, floors, food preparation areas, in cabinets, around appliances and any other areas where insects are or may be present. After use, thoroughly clean up food contact surfaces.

FOR FLYING INSECT TREATMENT: Apply towards target pests. Ensure contact with as many insects as possible. Repeat as necessary.

FOR CRACK & CREVICE TREATMENTS: Important: Use the injection tube provided. For crawling insects, inject into all crack & crevice and spaces where insects may be present. Apply approximately 1 second of product per crack & crevice application and from 2 to 3 seconds of product per cubic foot of closed space treated. Apply more liberally for heavy infestations. Applications can be made, but are not limited to, baseboards, cabinets, walls, ceilings, door and window frames, and around water pipes and appliances. Ensure contact with as many insects as possible. Repeat as necessary.

PRECAUTIONARY STATEMENTS

With direct contact, may cause moderate eye irritation. Avoid contact with eyes and skin. Wash hands thoroughly with soap and water after handling. **FLAMMABLE.** Keep away from heat, sparks, grills, and open flames. Do not apply on or around electrical wiring (do not spray directly into electronic equipment such as radios, TVs, computers, etc.). Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause container to burst. Do not apply directly to plants.

FINISHED SURFACES: May stain some finished surfaces. Test in an inconspicuous area before applying to finished surfaces. To prevent staining, wipe away excess with a damp cloth and wash fabrics according to their care instructions.

HARD FLOOR SURFACES: May make hard floor surfaces slippery. Wipe away excess with a damp cloth to avoid possible injury.

FIRST AID	
If In Eyes	Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
If On Skin	Wash thoroughly with soap and water.
If Inhaled	Move affected person(s) to fresh air.
If Ingested	Rinse mouth out with water and contact a doctor for treatment advice.
If irritation develops, contact a doctor or poison control center for treatment advice. Have the product label or container with you when calling a doctor or going for treatment.
